Water Leak Damage Detection and Prevention

# Triple+

## Triple+ CLM™ ALL IN ONE

Triple+ CLM™ All-In-One is part of the world's most intelligent and affordable water leak detection and damage prevention system. As soon as abnormal water flow is detected from your plumbing system, the main water line is shut off automatically which means costly water damage and unwanted water waste is mitigated instantly. Triple+ CLM™ All-In-One takes only minutes to install and requires no cables.

That means you will never again experience damage from your leaking water heater, toilet, sink, or basement, guaranteed. You will also prevent water waste due to leaking toilets or faucets left open.

The Triple+ CLM™ Actuator is installed on the main water line and able to be fitted with multiple pipe diameters. Battery operated and with automatic water shutoff upon abnormal water flow detection.

**Water Leak Damage Detection and Prevention**

# Triple+

**Triple+ CLM™**

**ALL IN ONE**

**Operates automatically upon leak detection**

**Shuts off main water line automatically**

**Affordable**

**Simple operation puts homeowners in control**

**Avoids costly insurance claims by proactively detecting leaks from your plumbing system**

The Triple+ CLM™ Flow Sensor detects abnormal water flow. When abnormal water flow is detected, an automatic command is sent to the Actuator, and the main water line is automatically shut off.

# About Us

**Triple+** is an innovative and leading manufacturer and marketer of products and services within the IoT (Internet of Things) arena. Triple+ offers ground-breaking solutions for water leak damage prevention in small to large-scale properties.

**OUR GOAL** To protect the property of our residential, commercial and property management customers, as well as prevent costly water leak damages, increase operational efficiency and improve personal safety.

Wear and tear, frozen pipes, overflow and careless water usage in residential and office buildings, smart irrigation and water leak prevention, are the main causes of water damage. Billions are spent annually in fixing damages caused by water leaks and the tremendous waste of water is something we can't afford to happen as droughts occur more frequently. Damp conditions also breed mold spores which are a health hazard.

## WHAT WE SOLVE

---

### OUR MARKET-PROVEN SOLUTIONS & SERVICES

The **Triple+** line of products is based on proprietary technologies. This includes battery operated, wireless water leak sensors, repeaters, irrigation controllers, hubs and shutoff units that enable the automated control of water. The **Triple+** Central Monitoring Station is the only service of its kind in the market to protect an unlimited number of systems from a single dashboard.

**OUR PARTNERS** Leading insurance and property management companies, plumbing firms and HVAC contractors have already partnered with **Triple+** to reduce the number of incidents and high cost of water leak damage.

**Triple+** end-to-end services are available worldwide and the company holds offices in the USA, Canada, Russia and Israel.
