Water Leak Damage Detection and Prevention

Triple+

The Triple+ APP turns your smartphone into an information station about your water system. Our free-of-charge Triple+ APP puts the power of water leak damage prevention and detection in the palm of your hand. It allows you to be everywhere at once, either on-site or from a remote location, while you manage a single-family home or multi-family housing, high rises, or office buildings in multiple locations via your smartphone.

Triple+ Smart Systems

Triple+

- Alerts in real-time about a water leak, burst pipe, freezing temperature, low battery, systems or devices offline, abnormal water flow, smoke or CO detection
- Enables you to manage the systems including setting up open/closure of shutoff units, definitions of abnormal flow
- Pinpoints location of problem area, ensuring your immediate response
- Allows manual, on-demand shutoff of water valves
Manages system settings, including your irrigation system
- Multiple recipients can receive notifications
- Simultaneously displays monitored information from limitless number of systems
- Full event history and status reports archived for up to 60 days
- Details histograms of temperature and water consumption (daily, weekly, monthly)
- Ability to add/remove devices
- Ability to add unlimited number of emails and telephone numbers for text and phone call backup alerts

Triple+ Smart Systems

About Us

Triple+ is an innovative and leading manufacturer and marketer of products and services within the IoT (Internet of Things) arena. Triple+ offers ground-breaking solutions for water leak damage prevention in small to large-scale properties.

OUR GOAL To protect the property of our residential, commercial and property management customers, as well as prevent costly water leak damages, increase operational efficiency and improve personal safety.

Wear and tear, frozen pipes, overflow and careless water usage in residential and office buildings, smart irrigation and water leak prevention, are the main causes of water damage. Billions are spent annually in fixing damages caused by water leaks and the tremendous waste of water is something we can't afford to happen as droughts occur more frequently. Damp conditions also breed mold spores which are a health hazard.

WHAT WE SOLVE

OUR MARKET-PROVEN SOLUTIONS & SERVICES

The **Triple+** line of products is based on proprietary technologies. This includes battery operated, wireless water leak sensors, repeaters, irrigation controllers, hubs and shutoff units that enable the automated control of water. The **Triple+** Central Monitoring Station is the only service of its kind in the market to protect an unlimited number of systems from a single dashboard.

OUR PARTNERS Leading insurance and property management companies, plumbing firms and HVAC contractors have already partnered with **Triple+** to reduce the number of incidents and high cost of water leak damage.

Triple+ end-to-end services are available worldwide and the company holds offices in the USA, Canada, Russia and Israel.
